

The Archives Invites Your Help to Raise Funds to Move to Our New Home

What's Happening and How Can I Help?

- * The Archives is moving our sacred collection of Science of Mind history to a new space—soon!
- * We have an immediate need for \$150,000 for the move now. We already have \$35,000 that your dollars can match!
- * Your financial help of all amounts will ensure: our fragile, sacred belongings are moved carefully to our new space, any renovations are made, and help with our new additional rent expense.
- * Up until now, the Archives had been blessed by donated space from CSL Home Office (a separate organization) in Golden, Colorado since 2010. Home Office is now going virtual.
- * Thank you so much for your support of this important phase in our history!

THANK YOU!

**Move the old and fragile items from our
Museum, including personal belongings from
our Founder, Dr. Ernest Holmes**

**Move the Archives with 600+
archival boxes plus audio/video
room + documents from the
beginning of our movement**

**Help pay for the move and rent for our new location so
people can continue to experience our SOM history**
