About The Event

Celebrating Ernest Holmes Birthday - January 25, 2026 - Virtual Event

Each year, the Science of Mind Archives & Library Foundation continues its sacred mission — to preserve, protect, and make accessible the teachings that have transformed countless lives through the philosophy of Science of Mind.

Our archives are more than a collection of papers and recordings — they are a living history of spiritual awakening, creative thought, and the enduring message of Dr. Ernest Holmes: "Change your thinking, change your life."

This year, we invite you — and your spiritual community — to be part of this legacy by sponsoring our Fundraising Event: **Ernest Holmes 139th Birthday Party**. Your support ensures that these timeless teachings continue to inspire future generations, researchers, and seekers around the world.

* Event Objectives

This fundraising event is filled with musicians, speakers and New Thought luminaries. This is more than a fundraiser, it provides an opportunity to educate people about the scope and depth of what the archives offers, both in person and virtually.

- **Raise \$25,000**
- **Engage year round education activities**
- **Build worldwide community**

Why Sponsor Us

Sponsoring the Science of Mind Archives and Library Foundation is an investment in the preservation, expansion, and living legacy of a spiritual movement that has transformed countless lives. Your sponsorship helps ensure that the timeless wisdom of Dr. Ernest Holmes and other New Thought leaders remains accessible to future generations through preservation, digitization, and global outreach.

The Archives serve as the heart of the Science of Mind community—protecting our spiritual heritage while making these teachings available to seekers, students, ministers, and scholars around the world. Through ongoing restoration projects and digital access initiatives, we are expanding the reach of this life-changing philosophy to new audiences everywhere.

When you become a sponsor, you are helping to:

- Preserve original manuscripts, photographs, audio recordings, and rare publications that document the evolution of the Science of Mind philosophy.
- Digitize and Share archival materials, ensuring anyone, anywhere, can explore the rich history and teachings of Ernest Holmes.
- Support Education and Research by providing valuable resources for spiritual teachers, students, and writers developing new interpretations of these principles.
- Sustain the Legacy of gratitude, inspiration, and conscious living that continues to empower individuals and communities worldwide.
-

Your partnership expresses deep appreciation for the teachings that have guided so many toward greater peace, prosperity, and purpose. Together, we can preserve the past, inspire the present, and illuminate the future of the Science of Mind movement.
